

MATE POWER

SUDAMERICAN CUMBIA - SKA - REGGAE

MATE POWER is a band from Frankfurt, the countries of origin of the members are Argentina, Germany and Italy. Its musical style is a mixture of **Cumbia, Ska** and **Reggae**, which is often referred to as Mestizo (**Manu Chao / Los Fabulosos Cadillacs**). During the **13 years** of their career Mate Power took care of destabilizing the German rock from the heart of Frankfurt. Only few bands achieved that so incorrect songs turn into hits and that in its short history thousands of spectators in **Europe** and **Asia** sing the very bitter and very current truth to cheery and catchy music. With determination, talent and intelligence the band has grown, from the basements where everything began in 2006 to the places that host thousands of people. After **5 Studio Albums** and **6 Tours** through all **Japan** and **2 Times in FUJI ROCK** the search and the dance continues...
